Mr. Beni Twiseghe Mbwile is an employee of Mkwawa University College of Education - MUCE (A constituent College of University of Dar es Salaam) located in Iringa Tanzania. He is an expert of Physics Education, and currently designated as Tutorial Assistant at the Department of Education Psychology and Curriculum Studies Faculty of Education.

Mr. Mbwile received Diploma in Education at Morogoro Teachers' College in 2008 and later attained Bachelor of Science with Education at MUCE in 2013. Before joining Mkwawa University College of Education in 2015, Mr. Mbwile worked at Muhwana Secondary School from 2008 to 2013 and Ifunda Technical Secondary School from 2013 to 2015.

Mr. Mbwile is an advocate of Competence-Based Curriculum (CBC). His research interest is based on seeking for knowledge of teaching physics and other science subjects such as Technological, Pedagogical and Content Knowledge (TPACK). Mr. Mbwile is currently pursuing Master of Education (Science) at the University of Dar es Salaam with a research title *"the role of outdoor activities in enhancing physics teaching and learning in secondary schools"*.
