CURRICULUM VITAE

HIGHER EDUCATION:

Original title: Master of Arts, obtained in June 1988
 Discipline: Geography
 Subject: Analyze of deforestation factors in West Africa
 University: University of Warsaw, Poland

Original title: PhD, obtained in January 1995
 Discipline: Geography
 Subject: Tropical rain forest degradation in Zaïre. Causes and consequences.
 University: University of Warsaw, Poland

EMPLOYEMENT RECORD (only main posts, in reversal chronological order):

Employer: MKWAWA University College of Education, Tanzania.

Position: Associate Professor, from 16.05.2016 (**contract term**).

Responsibilities: I am teaching different courses in the field of geography, organizing conferences, trainings, and doing field research.

My biggest achievement, apart of teaching, was the organization of The 1st International Conference on Development in East Africa on 02-04.10.2017. The participants were from Africa and Europe. Only from Poland came 15 scholars. It was a big organizational success. I also presented a paper: "TAZARA and tourism development in the Southern Circuit".

Employer: St. Augustine University, Mwanza/Tanzania

Position: Associate Professor, from 21.10.2015 to 15.05.2016 (**contract term**).

Responsibilities: I was giving the following lectures, inter alia: Climatology, Introduction to wildlife tourism, Introduction to wild animal behavior, Sustainable tourism.

Employer: University of Iringa, Tanzania.

Position: Associate Professor, from 01.03.2013 to 30.06.2015 (**contract term**).

Responsibilities: I was giving the following lectures, inter alia: Climatology, Cartography, Sustainable tourism, Tourism and community development, Geography of tourism, Agriculture and rural settlement planning. I also supervised BA and MA theses.

My main achievement, apart from teaching, was the organization of the "Polish-Tanzanian Conference on Small and medium scale sector and Sustainable development in Sub Saharan Africa" on 8-9.02.2015. I also presented my paper "Environmental change and adjustments in agriculture in Tanzania".

Employer: ALMAMER - High School of Economy in Warsaw, Poland.

Position: Associate Professor, from 3/2011 to 2/2013 (**permanent job**).

Responsibilities: I taught, inter alia: Economic geography, Political geography, Geography of tourism, Introduction to tourism, Tourism markets. I also supervised of around 50 students' theses (BA and MA).

The biggest achievement back then was writing and publishing a book, titled: "Afryka dzisiaj. Piękna, biedna, różnorodna" (Africa today. Beautiful, poor, varied), which is in sell in bookstores in whole country.

Employer: University of Euroregional Economy, Jozefow/Warsaw, Poland.

Position: Associate professor, from 3/2011 to 2/2013 (**part time/additional job**)

Responsibilities: I taught, inter alia: Physical Geography, Climatology, Soil resources, Introduction to tourism, Tourism markets.

Employer: University of Dodoma, Tanzania

Position: Senior lecturer, from 2/2009 to 2/2011 (**contract term**).

Responsibilities: I taught: Climatology, Climate change, Geography of tourism, Environmental Resources and Food Security, Physical Geography, Biogeography, Soil Resources. I supervised several master's and bachelor's theses.

Back then, I conducted numerous field researchers on environmental change, which later I continued at the University of Iringa. I published them as "Environmental change and adjustments in agriculture in Tanzania, 2015 [in:] Zabek M. (ed.), Sustainable development in Sub-Saharan Africa, University of Iringa (Tanzania) & Institute of Ethnology and Cultural Anthropology University of Warsaw, Iringa-Warsaw.

Employer: University of Warsaw (Poland), Faculty of Geography, Institute of Regional and Global Studies (formerly Institute of Developing Countries), Department of Africa and Asia; from 07/1989 to 01/2009 (permanent job**).**

Position: From Assistant to Associate professor.

Responsibilities: I taught, inter alia: Introduction to Geography, Geography of Africa, Environmental change in Sub-Saharan Africa, Economic Geography, Geography of Agriculture, Man and environment, Regional development, Theory of the region and regionalization. I supervised of around 100 students' theses (BA and MA). Apart from the lectures I was involved in many research projects concerning the environmental change.

From 10/1993 to 09/1996 I was Deputy Director of the Institute.

Research projects concerning the environmental change:

•RWANDA, BURUNDI, ZAIRE (I-III'1993). Field studies (project granted by Polish Committee for Research - "Historical and present vegetation in Central Africa. Deforestation

- in Anthropogenic time”). Helping institution - The National University of Rwanda (Butare).
- COTE D’IVOIRE (III-IV’1995). Field studies (project granted by Polish Committee for Research - “Tai National Park and its degradation and protection”). Helping institution – The University of Cocody (Ivory Coast).
 - COTE D’IVOIRE (IX-XII’1996). Field studies (project granted by UNESCO – “Les facteurs de dégradation de la forêt dense humide équatoriale”). Helping institution – The UNESCO National Committee of Côte d’Ivoire.
 - RWANDA (III-IV’1999). Field studies (project granted by The University of Warsaw – “Analyse des facteurs de dégradation de la forêt humide équatoriale de Nyungwe”). Helping institution - The National University of Rwanda (Butare).
 - SUDAN (X-XI’2000). Multidisciplinary field studies (project granted by Polish Committee for Research – “Transformation of Sudanese agriculture. Perspectives of development of Northern Province and so called IVth cataract’s islands”). Helping institution – The National Museum of Sudan (Khartoum).
 - UGANDA/RWANDA/DRC (I – IV’2003). Field studies (project granted by The University of Warsaw – “Climate change on rural areas of Central and East Africa”). Helping institution - The Catholic University of Bukavu (DRC).

Employer: University of Dar es Salaam, Faculty of Arts and Social Sciences (Department of Geography).

Position: Senior Lecturer; from 08/2003 to 07/2004 (**contract term**). During this time I was on unpaid leave at The University of Warsaw.

Responsibilities: I taught: Biogeography and climatology, Climate change, Earth resources, Biotic resources, Agricultural location and planning, Geography of Africa.

Employer: KAMPIO travel agency, Warsaw, Poland.

Position: Product manager - from January 1997 to July 2003 (**an additional job** - apart from my duties at The University of Warsaw).

Responsibilities: I was responsible for carrying out of **incentive events**, which I have organized for big Polish and international companies in Poland, Europe and in Africa.
