

## **BIOS DATA**

Mr. Erick Kyojo is a tutorial assistant at Mkwawa University College of Education (MUCE). He is a young Mathematician whose research interest is on mathematical modeling of weather extremes and numerical weather predictions. I have recently submitted my Msc. Dissertation titled Bayesian Analysis of Extreme Rainfall in Dar es Salaam Using Generalized Pareto Distribution model (GPD), for examination at the University of Dar es Salaam.

Before that, Kyojo studied Bsc with Education majoring Mathematics and Chemistry from the UDSM, where after graduating in 2011 he worked as a mathematics and chemistry teacher from some secondary schools in Tanzania.
